

February 2013
Newsletter

Fishermead
Trinity centre

Introduction

- Welcome to the February 2013 Trinity Centre Newsletter.
- Lots has been happening within the centre in the last year and we will try and update you on all the exciting changes and events that have taken place.
- From here on in we will be looking to update you all with the issues and events surrounding the centre on a 3 monthly basis.
- Many changes have taken place in the last year and we hope you approve of them thus far. We have more architect plans and applications for grants being formulated as we speak so we hope to bring you good news in the near future of the whole centre being brought up to the standard we have attained with the first phase.
- Our internet café will open April 2nd anyone with ideas for small group activities or themes and are looking for a warm cosy place to work from look no further we might be the ideal location. Contact Tony and have a chat. Also worth remembering is the fact that to café patrons we offer free internet access from one of our laptops. We will try to offer free basic courses in time and job search groups.
- Watch this cyber space!!!!

Renovations

As you may all be aware July, August, and the early part of September 2012 saw some quite dramatic changes to the centre. Hall 3 was glass partitioned off allowing for a new corridor, storage cupboard, meeting room and centre office to be built on the other side of the glass.

We also brightened up the main entrance and exposed the ceiling to let some natural light pour through. The response from local residents and users was fantastic and very complimentary.

More architect plans have been made and more emphasis is being placed for future changes with grant applications being formulised as we speak.

We would like to take this opportunity to thank Lee Mooney and Milton Keynes Borough Council for there support in this project. Campbell Park Parish Council also deserve a mention for there unwavering support and lastly our architect Robert De Grey from the Architect studio for his hard work and vision.

We will endeavour to complete the whole centre renovation project to the high standards and specification set out in phase one.

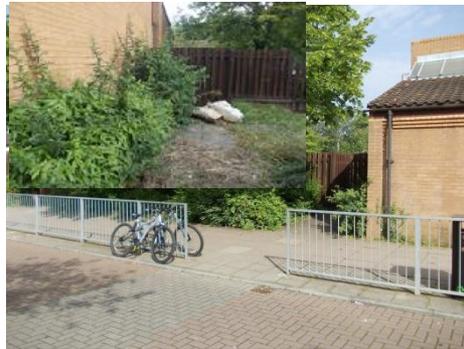

Fishermead Community Garden

On February 6th the F.C.G was born. The Fishermead Community Garden Laid the foundations for a legacy to be born and a Community Garden for all is underway. Over the past year we have acquired a patch of land between the Trinity Centre and the Co-Op and we intended to build a Community Garden with the help of some other people and organisations. Thankfully many people have been keen to get involved and the Trinity Centre would like to thank MK Mind, Islamic arts and cultural centre, Men in Sheds, F.R.A, M.K Somali Youth, Willows School, C.R.I, and Jo Bevan at Community Action MK for all being very much part of the evolution of this great scheme.

We have fenced off and secured the site and we have also built a huge deck for the kids to doing potting on. We have a few technical issues to sort out and then it will be full steam ahead.

We are about to embark on a fruit and vegetable growing scheme in the courtyard of the Trinity Centre anybody wishing to take part contact Tony for more details.

Trinity Internet Cafe

We have been planning for quite sometime an internet café here at the Trinity Café. We are close to launch date and can confirm we open on 2nd April 2013 . We still would like some organisations to get involved if they can. We are offering Free internet access to our patrons of the café, which we think is jolly decent of us !!!

Part of offering free internet is also providing free basic p.c courses to the uninformed. We would love an organisation or p.c wizard to come and get involved. Job Searches and job clubs will hopefully be involved and we are asking any new or small groups that are looking for a intimate and cosy setting to get in touch. We really want to make this café like the centre a hub for the Fishermead community so any suggestions are gratefully received.

We are looking to initially be open Monday – Thursday from 12pm till 5.00pm.

Anyone that is interested in helping in any capacity or has any suggestions for theme or groups within the café or any suggestions what so ever from what we sell to how we sell it contact us
